Fulbright Heads Unit in Mideast

By the Associated Press

Senator Fulbright, Democrat of Arkansas, will head a four-member Foreign Relations Subcommittee co-ordinating and supervising separate inquiries into the Middle East and other major areas.

Committee Chairman Green named Senators Sparkman, Democrat of Alabama, Hickenlooper, Republican of Iowa and Aiken, Republican of Vermont, to serve with Senator Fulbright.

The Senate has provided the committee with \$300,000 to finance a two-year study.

Senator Fulbright's subcommittee will negotiate contracts with non-Government people and research organizations to travel abroad and conduct research projects. Their findings will be the subject of later hearings.
